General Services Administration

- **Creation:** Established by President Truman on **July 1, 1949**, to streamline the administrative work of the federal government. GSA consolidated the National Archives and multiple supply and facility functions.
- **Original Mission:** To dispose of war surplus goods, manage and store government records, manage emergency preparedness, and stockpile strategic supplies for wartime.
- **An Evolving Mission:** Through its two largest offices – the Public Buildings Service and the Federal Acquisition Service - and various staff offices, GSA provides workspace to more than 1 million federal civilian workers, oversees more than 480 historic buildings, and facilitates the purchase of goods and services from quality commercial vendors.

GSA - Federal Acquisition Service (FAS) – Procuring Products and Services for the Government

- The Federal Acquisition Service was established to provide an economical and efficient system for the procurement, supply, and eventual disposal of property. Intent was to eliminate duplication and maximize the government's leverage.
- On July 1, 1952, the Defense Cataloging and Standardization Act was approved, establishing a single catalog system leading to the **National Supply System**. Section 11 includes:
 “The Administrator of General Services and the Secretary of Defense shall coordinate the cataloging and standardization activities of the General Services Administration and the Department of Defense so as to avoid unnecessary duplication.”

GSA -- FAS --- GSA Global Supply[®]

Working in partnership with DOD to furnish supplies

- In 1971, GSA and DoD entered into an agreement to eliminate avoidable overlap between their respective supply systems. This agreement divided the management of consumable items between GSA and the Defense Supply Agency (DSA, now Defense Logistics Agency). **It assigned to GSA those Federal Supply Classes (FSCs), or commodities commonly used by federal agencies, which are commercially available and not predominantly of a military nature.**
- **GSA Global Supply[®]** is a part of the Federal Acquisition Service and is the Government to Government Supply source for commodities that GSA is assigned under the 1971 Agreement. GSA Global Supply[®] is now a strategic partner with DoD on full-service supply solutions in CONUS and OCONUS environments.

GSA Global Supply[®] – A Government to Government Wholesale Supply Source

FAR 8.002 Priorities for use of Government supply sources.

(a) Except as required by 8.003, or as otherwise provided by law, agencies shall satisfy requirements for supplies and services from or through the sources and publications listed below in descending order of priority—

- i. Agency inventories
- ii. Excess from other agencies
- iii. Federal Prison Industries, Inc. (UNICOR)
- iv. Supplies which are on the Procurement List maintained by the Committee for Purchase from People who are Blind or Severely Disabled
- v. **Wholesale supply sources, such as stock programs of the GSA (GSA Global Supply[®]), DLA or VA**

Overview

GSAXcess.gov is the entry site for the Federal Excess Personal Property Utilization Program and the Federal Surplus Personal Property Donation Program operated by the General Services Administration. Your agency can report excess personal property for transfer by GSA to other Federal and State Agencies for Surplus Property (SASPs) as well as search for and obtain excess personal property. Your agency can also report and transfer excess computers and peripheral equipment to schools and educational nonprofit organizations through the Computers for Learning program or post your CFL transfers done outside our system. This site is not intended for the general public.

High Mobility Multi-Purpose Wheeled Vehicles (HMMWVs) are available for transfer and donation. Donation recipients will be required to sign the linked [Hold Harmless Statement](#).

GSA Global Supply® – A Government to Government Wholesale Supply Source

- GSA Global Supply® has already procured the most in-demand products on the government's behalf, meaning that **your order is a simple requisition between agencies.**
- Requisitions satisfy all Federal Acquisition Regulation (FAR) requirements, including trade agreement policies, socioeconomic goals, AbilityOne mandates, and executive orders.
- Place a requisition via DoD Activity Address Code, Civilian Activity Address Code, and/or Government Purchase Card.
- GSA is integrated with Department of Defense (DoD) financial systems.

GSA Global Supply[®] – Integrated into the National Supply System

- GSA-managed National Stock Numbers are available directly through DoD, service-specific internal supply systems for requisitioning.
- As requisitions are placed via internal supply systems for GSA managed items, orders route through DLA Transaction Services and to GSA for fulfillment
- Status updates on your requisition route back through to internal supply systems.
- GSA transactions conform to specified format and performance criteria (i.e., packing, marking).
- Military regulations cite GSA policy & procedures as a part of DOD logistics guidance.

GSA Global Supply[®] - Support to DoD & More

- FY2019 Business Volume: \$737M (up from FY 18)
 - Department of Defense (over 90%)
 - Federal civilian agencies
- Your Supply / Logistics Partner
 - Mission support to the Warfighter
 - Disaster Relief / Emergency Response
 - Supply Chain Solutions
- Worldwide Reach – Beyond GSA Global Supply[®]
 - GSA Retail Stores - CONUS and OCONUS

GSA Global Supply[®] - Best-in-Class Solution

- Designated by OMB after rigorous review
- Most BIC solutions are narrow (e.g. OS4 office supplies)
- GSA Global Supply[®] is a broad channel for many product categories

GSA Global Supply®

SUPPLY TRANSFORMATION

What is Supply Transformation?

GSA is transforming its wholesale and retail supply programs to offer customers lower prices and faster delivery, worldwide. This modernization process includes our acquisition, distribution, information technology and customer service functions.

BENEFITS

Savings

Incorporation of FSSI requisition channels to lower overall product costs

Transparency

Modernize IT infrastructure to lower costs and enhance GSA and customer visibility

Better Service

Achieve faster delivery for wholesale customers and more attractive retail settings for customers worldwide

DoD Compliance

Ensure GSA's timely integration with Defense Logistics Management Systems (DLMS) requirements

What Changes for our Customers

- Likely faster delivery as new contract vehicles standardize requirements across large segments of the product line
- Lower cost as we leverage strategic sourcing and market pressure to get competitive prices
- Simplified data collection and enhanced transparency to better manage spending and measure savings

What Does Not Change for Customers

- Simple requisitions for GSA items – no need to comparison shop or document 3 sources
- Ordering options: online, phone, fax, FEDSTRIP/MILSTRIP
- Customer service – (800) 488-3111 for any issue
- Special Order support for large, complex items

Help Us Serve You Better and Faster

- Many orders flow through DLMS to GSA, without contact information
- Use “Mark For” Date fields to insert contact info: name and phone number
- This allows GSA to:
 - Clarify buyer’s needs regarding non-contract items (buy on demand)
 - Confirm quantity if there is a question on unit of issue
 - Arrange delivery and any special requirements
 - Ensure base access, if needed
- Long-term: DLA and GSA modify systems to collect more complete contact info (name, phone, email)

GSA Global Supply® - Part Number Expansion

- Goal is greater customer choice, with all the safety and simplicity of GSA Global Supply®
- Builds on strategic sourcing for MRO and JanSan noted earlier
- Tens of thousands of items, identified by part number and not NSN
- MRO items bear the prefix “FMRA” and JanSan items are “FJSA”
- Same program attributes apply (ordering and payment options, requisition-based ordering, etc.)
- Identified on both websites (GGS and GSA *Advantage!*®) with “Contractor” marked as “GSA Global Supply®”

GSA Global Supply[®] - Support for EUCOM

- New partnership for customers in Europe and select AFRICOM locations
- Available via FEDSTRIP/MILSTRIP and now *GSA Advantage!*[®] and GSA Global Supply[®] websites too
- Features ~820 high-demand NSNs
- GSA's vendor partner stocks those items in Europe and delivers in ~5 days (much faster than shipment via DLA from CONUS)
- DLA facilities in Germany and Italy forward to eligible customers in Djibouti, Cameroon, etc.
- Model program for other COCOMs (INDOPACOM next)
